

PP88 – Children’s Safeguarding Policy and Procedure

Human Resources - Performance & Discipline
Serendipity Healthcare Ltd
Unit 5 Millennium Way, Dunston, Chesterfield, Derbyshire, S41 8ND

1. Purpose

1. The purpose of this policy and associated procedures is to provide clarity to all on how they should engage with children, young people and vulnerable adults when working for, on behalf of, or in partnership with Serendipity Healthcare Ltd. It is also to help us make sure that employees, volunteers, and other representatives are protected.
2. It is intended to help us to have a common understanding of safeguarding issues, develop good practice across the diverse and complex areas in which we operate and thereby increase accountability in this crucial aspect of our work.
3. Whilst it is recognised that local legislation may vary from country to country, this policy identifies our minimum standards and may exceed the requirements of local legislation.
4. Any breach of this policy will be treated as a disciplinary matter, which may result in immediate termination of employment or contract, reporting to the police, and/or relevant regulatory authority or other body.

2. Scope

1. Safeguarding is the responsibility that Serendipity Healthcare Ltd has to ensure that their employees, volunteers, partners, vendors, operations and programmes do no harm to children, young people or vulnerable adults (together referred to as ‘vulnerable people’ under this policy); that they do not expose them to the risk of discrimination, neglect, harm and abuse; and that any concerns the organisation has about the safety of vulnerable people within the communities in which they work, are dealt with and reported to the appropriate authorities. It is also the responsibility that the organisation has for protecting its employees and volunteers when they are vulnerable, for example, when ill or at risk of harm or abuse.
2. Child protection is a central part of but not separate to safeguarding. It is the process of protecting individual children identified as either suffering or at risk of significant harm as a result of abuse or programme of work. It also includes measures and structures designed to prevent and respond to abuse.
3. Over recent years, there has been increasing recognition of the way in which children, young people and vulnerable adults can be at risk of discrimination, neglect, abuse, and exploitation by those who are in positions of trust and power over them, including through international development activities.
4. As a consequence, there has been a significant increase in the efforts made by development organisations to ensure that no harm results from the contact their employees, volunteers and other representatives have with their target populations or communities. Through their work employees, employees of partner organisations and volunteers may engage with young people and vulnerable adults wither directly or indirectly. Serendipity Healthcare Ltd recognises that it has an obligation to put in place all reasonable safeguarding measures to ensure, as far as possible, the safety and protection of children, young people, and vulnerable adults, including those with whom we may come into contact with and those in the communities where work is undertaken.

Serendipity Healthcare Ltd works to the following key principles to protect vulnerable people:

- Everyone has an equal right to protection from abuse and exploitation regardless of age, race, sex, sexual orientation, marriage and civil partnership, pregnancy or having a child, gender reassignment, language, religion, political or other opinion, national, ethnic, or social origin, property, disability, birth, or other status.
- The best interests of the vulnerable person are paramount and shall be the primary consideration in our decision making.
- Serendipity Healthcare Ltd will take responsibility to meet our obligations regarding our duty of care towards vulnerable people, and act where we believe that a child, young person, or vulnerable adult is at risk or is actually harmed.
- Serendipity Healthcare Ltd will ensure that employees and volunteers are inducted in our Safeguarding Standards (Appendix and procedures as a key part of the recruitment and on boarding process).
- Serendipity Healthcare Ltd will ensure that all partners are informed and in compliance with our Safeguarding Standards.
- When working with or through partners or sub contracted agencies, Serendipity Healthcare Ltd will ensure that their safeguarding procedures are consistent and in line with the principles and approaches set out in this policy.

- Serendipity Healthcare Ltd respects confidentiality and has a responsibility to protect sensitive personal data. Information should only be shared and handled on a *need to know basis*, that is, access to the information must be necessary for the conduct of one's official duties. Only individuals who have legitimate reasons to access the information are allowed to receive it.
- Serendipity Healthcare Ltd commits to monitoring the implementation of the safeguarding policy. This policy will be reviewed every three years and earlier if necessary.
- Cultural sensitivity; Serendipity Healthcare Ltd seeks always to work in ways which are culturally sensitive and that respect the diverse nature of the people we work with. We recognise that there are many different ways of thinking and taking care of vulnerable people and making sure they are protected. It is acknowledged that protecting these groups of individuals and being culturally sensitive can be a difficult balancing act, especially given the situation in many of the countries
